

## Residential Street Sweeping Schedule | Alphabetical by Street Name: H through Z

The schedule is listed alphabetically by street name and increasing address range, with even numbered addresses on the south and west sides of the streets, and odd numbered addresses on the north and east sides. Opposite sides of the street are usually swept on different days.

As a cost-saving measure, streets are no longer swept on holidays. When scheduled street sweeping falls on a holiday, the streets affected will be swept on their next regularly scheduled day.

Since September 2006, Public Works has been phasing in “opt-out” streets where feasible.
